Redhawk Tales

Winter 2023

Message from the Principals!

As winter (hopefully) is coming to a close and we are getting ready for Winter break we wanted to take a moment to share some good news! As some of you may know we were placed on a NYS list as a school in need of improvement in 2018. We are happy to announce that through the tough work of our wonderful teachers, and staff we have been notified that at this time we are no longer on the list and labeled as a school in need of improvement. This is no small feat and this was definitely a team effort from both the school staff but also the hard work of our students and their families. We will continue to implement some of the instructional and other changes that we put in place to make sure we continue to succeed!

We are very excited to share that we will be bringing back our Spring Showcase! On May 16th our students will be showcasing their strengths and putting on display how they belong to the CSMS community, as part of the improvement process and as a way to increase attendance and student engagement. We are so excited to see what each team has come up with as a way to showcase all the special talents we have here at CSMS. Please mark your calendars! We know it will be a great night!

As the school year progresses please remember that we ask for students to have all electronics off and away during the day. This includes cell phones; we understand that you may need to get ahold of your child. Please utilize our front office as a way to get a message to your students. It is also very important that if a student has a conflict or issue during the school day that they notify an adult within the school. We do not take student conflict lightly and work very hard to make sure all students feel welcome and safe at school– we cannot do anything about an issue that we do not know about. If your student does not feel well please have them visit our nurse, recently we have started to see a lot of students that have contacted their parents to go home without going to the nurse. If you are dropping off your student in the morning they should be going in the doors by the flagpole. We have recently started to have a lot of students gather outside the front doors with limited supervision.

Wishing you all a restful and much deserved Winter break!

Sincerely,

Mr. Penrod, Mr. King & Miss Nugent

As One We Rise, Together We Soar.

- **Students no longer need to be signed out** if getting picked up at normal dismissal time.
- Breakfast will be served daily and students that would like to eat breakfast will be let in the building at 7:25. All other students will be allowed in the building at 7:30. Pick up for students will start promptly at 2:20. **There is no breakfast served on 2 hr delay days!**
 - All students should have their hats and hoods off when they enter the building. This is a safety protocol to identify who is in the hallway.
 - **All electronic devices should be off and away during the day unless specifically being used for academics. If you need to get a message to your child please contact the main office.**
- Please make sure that when picking up your child after school (this includes for sports) you are not blocking the buses. We have many buses for athletic and academic after school activities. All parents/guardians should be in the parent loop by the flagpole.

Redhawks in the community: Ms. Lindsley Class

On January 18th, the Foundation students took a trip to the local Walmart. They created a shopping list before the trip and worked on reading the shopping list and finding the items in the store. After the shopping trip Excursion, the students went to McDonald's for a well-deserved lunch where they ordered their own meal. During this time they worked on socialization skills, problem solving skills, how to read a shopping list and locate items in a store and being able to order their own meal. All of the students had fun and enjoyed their time.
